Mentoring sheet for Master Program Information Engineering

Mentor: _____________________________________________
Mentee: _____________________________________________
Matr. #: _____________________________________________

Intention of the mentoring is to give students orientation for the planning of their master studies. Your first semester should give orientation about professors, lecturers and study subjects. For studying according to the examination regulations (version April 2011), your selection of master project, seminar topic and master thesis should be discussed with your mentor.

1. Basic data:
