Announcement of open positions at the
Faculty of Informatics,
Vienna University of Technology (TU Wien), Austria

2 Assistant Professors (Tenure Track)

The Faculty of Informatics at the Vienna University of Technology (TU Wien) invites applications for 2 Assistant Professor positions (tenure track). Candidates can apply in any of the Faculty’s main research areas: Computer Engineering, Distributed and Parallel Systems, Logic & Computation, Media Informatics & Visual Computing, as well as Business Informatics (http://www.informatik.tuwien.ac.at/research), but the two positions will not be staffed within the same research area. The initial appointment is for 6 years with the possibility of promotion to a permanent position as Associate Professor following a positive tenure evaluation.

Duties include research in one of the Faculty’s main research areas (see above) as well as graduate and undergraduate teaching.

The Vienna University of Technology (TU Wien) is among the most successful technical universities in Europe and it is Austria’s largest scientific-technical research and educational institution. The Faculty of Informatics, one of the eight faculties at the Vienna University of Technology (TU Wien), has an excellent reputation and plays an active role in national and international research.

Applicants are expected to have the following qualifications:

**Essential**
- PhD or doctoral degree in Computer Science or Business Informatics (The doctoral degree must have been completed no less than two years and no longer than eight years before the submission of application. Child care breaks will be handled in the same manner as in the ERC regulations for principal investigators applying to the starting grant; see: http://erc.europa.eu/sites/default/files/document/file/ERC_Work_Programme_2016.pdf)
- An outstanding research and publication record

**Desirable**
- Capacity to raise funds (or to secure research scholarships) on a competitive basis and to manage scientific research projects
- Experience in university teaching and supervising students
- Research experience at different research institutions is an advantage

The Faculty of Informatics offers excellent working conditions in an attractive research environment in a city with an exceptional quality of life.

**General Information:**

For information about
- the Faculty of Informatics, go to: www.informatik.tuwien.ac.at
- the five main research areas of the Faculty of Informatics, go to: http://www.informatik.tuwien.ac.at/research
- the Vienna University of Technology, go to: www.tuwien.ac.at
Application:

The Vienna University of Technology (TU Wien) is committed to increasing female employment in leading scientific positions. Female applicants are explicitly encouraged to apply. Preference will be given when equally qualified. People with special needs are equally encouraged to apply.

Applications should include
- A detailed curriculum vitae
- A list of publications
- A letter of motivation
- A research statement (brief summary of past research activities, as well as a convincing outline of planned research activities, and an explanation of their contribution to the scientific profile of the Faculty of Informatics; 5 – 7 pages maximum; incl. abstract)
- Please specify exactly one faculty main research area in which your research activities are based in (http://www.informatik.tuwien.ac.at/research).
- A Teaching Statement
- Copies of the applicant’s three most important publications
- Certificates of doctoral and diploma degrees
- Supporting documents in case of child care breaks

The selection process includes an individual evaluation and a comparative international review of all applicants. The successful applicants will subsequently be assigned to one of the Institutes of the Faculty of Informatics.

Postdoctoral researchers are covered by grade B1 of the Austrian Collective Agreement for University Staff and receive a minimum salary of currently Eur 49,644 EUR per year. Following the conclusion of an agreement on the requirements for a positive tenure evaluation, usually within one year, there will be an upgrade to grade A2 (minimum salary of currently EUR 58,709 per year).

Applications (in English) should be sent to the Dean of the Faculty of Informatics, Prof. Dr. Gerald Steinhardt, in digital form (a single pdf file to: dekan@informatik.tuwien.ac.at).

Application deadline: October 31, 2015
