Exam registration in StudIS

- **Registration:**
  - Exam registration is mandatory!
    Link: https://studis.uni-konstanz.de/qisserver/rds?state=user&type=0
  - Exam registration is binding: non-attendance without valid excuse (medical certificate etc.) means course failure
  - Taking an un-registered exam is not possible: no valid exam performance

Online or paper-based exam (de-)registration via form out of the registration periods is not possible!

After having failed an exam on the first date there is no automatic re-registration for the second date
Exam registration

- **Exams take place twice per semester:**
  - First exam date is usually set around the last week of the lecture period of the running semester
  - Second exam date is usually set in the last two weeks before the start of a new semester/lecture period

- **Repeat examination rules**
  - **Course exams can be re-taken only once!**
  - A two-times course exam failure is followed by losing the right to examination for this specific course
Programme information
