CAReer Trainee Car IT Security in Stuttgart

CAReer – The Top Talent Program is the ideal start for a long-term career with Daimler. Being an entry-level professional training program, CAReer is targeted at university graduates or early professionals who want to get to know the company inside out and take on management and project responsibility early on. With this particular CAReer position, you will launch your future career in the department “Powertrain & E/E Systems E1 unit”:

We are responsible for the development of electrical and electronic systems, engine and transmission systems and the drive train in the Mercedes-Benz Vans division. In the Team "Active Safety and E/E Processes" a Trainee (m/w) is wanted to assist the IT security for E/E development. The task requires interdisciplinary collaboration with the E/E departments in MB Vans and the team reports directly to the head of the department.

Your responsibilities include:
- The task requires interdisciplinary collaboration with the E/E departments in MB Vans.
- Working within the dynamic and growing field of Car IT Security for e.g. Infotainment and other linked systems.
- Steering of Car IT Security topics for the total vehicle and coordination of the use of free and open source software (FOSS) within the vehicle.
- Identifying potential security risks and communicate them within the associated committees.

We expect from you:
- An excellent university degree in Computer science, or equivalent (ideally as a Master degree)
- First professional work experience (18 months are obligatory with a Bachelor’s degree)
- Several months of solid experience abroad
- Excellent English language skills along with very good knowledge of German
- You convince us with your personality and enjoy the management responsibility
