CAReer Trainee for Data Analytics in Stuttgart

CAReer – The Top Talent Program is the ideal start for a long-term career with Daimler. Being an entry-level professional training program, CAReer is targeted at university graduates or early professionals who want to get to know the company inside out and take on management and project responsibility early on. With this particular CAReer position, you will launch your future career in the department “Audit IT Operations, Infrastructure & Data Analytics”:

Corporate Audit is an independent and objective assurance and advisory function of the Daimler Group and its affiliates, which is designed to support the optimization of the company’s risk exposure as well as assess internal controls and processes.

Corporate Audit assists the organization in accomplishing its objectives by bringing a systematic, disciplined approach to evaluating and improving the effectiveness of risk management, internal control, and governance processes. The audit universe of Corporate Audit Data Analytics covers all businesses and entities as well as partnerships worldwide.

Your responsibilities include:
- Support and perform audits based on the analysis of mass data (e.g. screening on specific topics)
- Obtain and provide expert knowledge in methodology for analysis of high-volume data and respective tools and procedures
- Create and present results and presentations within the Corporate Audit universe

We expect from you:
- An excellent university degree in Business & economics, Business informatics, Information technology, Computer science, Mathematics, Software engineering
- or equivalent (ideally as a Master degree)
- First professional work experience (18 months are obligatory with a Bachelor’s degree)
- Several months of solid experience abroad
- Excellent English language skills along with very good knowledge of German
- You convince us with your personality and enjoy the management responsibility
