Department of Computer and Information Science

History
– Information Science since 1980
– Computer Science since 1994
– Joint department since 1999
– International Master programme in Computer and Information Science since 2010

Academic staff and students
– 13 professorships, 2 tenure-track professorships, 2 junior professorships, 2 academic senior councillors
– approx. 80 academics (PhDs, Post-docs)
– approx. 600 students

Joint research focus
The department carries out joint research on methods and systems used to visualise, analyse, explore and process large information spaces.
Professorships and lecturers

- Prof. Dr. Michael Berthold
  Bioinformatik und Information Mining

- Prof. Dr. Oliver Deussen
  Visual Computing

- Tenure-Track: Prof. Dr. Tiere Feuchtner
  Mensch-Computer Interaktion

- Prof. Dr. Bastian Gelbäck
  Computer Vision and Image Analysis

- Prof. Dr. Michael Grossniklaus
  Datenbanken und Informationssysteme

- Prof. Dr. Heiko Hamann
  Cyber-Physical Systems

- Prof. Dr. Daniel Kehm
  Datenanalyse und Visualisierung

- Dr. Professor mit Schwerpunkt Lehre Sven Kosub HD
  Theoretische Informatik

- Prof. Dr. Stefan Leue
  Software and Systems Engineering

- Dr. Barbara Pampel
  Tenure-Track: Professor mit Schwerpunkt Lehre

- Jun.-Prof. Dr. Tatjana Petrow
  Modellierung komplexer selbstorganisierender Systeme

- Prof. Dr. Harald Rothe
  Mensch-Computer Interaktion

- Dr. Matthias Rupp
  Bioinformatik und Information Mining, Professorvertretung

- Prof. Dr. Dietmar Sauppe
  Multimedia Signalverarbeitung

- Prof. Dr. Falk Schreiber
  Life Science Informatics

- Jun.-Prof. Dr. Andreas Spitz
  Data and Information Mining

- Prof. Dr. Sabine Storandt
  Algorithmik

- Tenure-Track: Prof. Dr. Tobias Sutter
  Maschinelles Lernen
19. October – 21. October

Lecture series – an introduction to all Dep. research groups

Lecture series:

The Department of Computer Science and Information Science provides a list of particularly suitable courses from all departments: [https://www.informatik.uni-konstanz.de/study/master-of-science/modules/](https://www.informatik.uni-konstanz.de/study/master-of-science/modules/)

A maximum of 6 ECTS credits from soft skill courses (courses offered by the Key Competence Center, the Language Teaching Institute, the International Office or key qualification courses of the department(s)) can be recognized in the supplementary area.

**Scientific Practices for students (3 ECTS): compulsory** if a course in which comparable competences were acquired was not already completed in the previous study programme. It is recommended to attend the course parallel to the seminar.
**Master’s programme: (M.Sc.CIS PO 2020)**

*It must be made sure that this course was not already credited in the previous bachelor’s programme.*

Master’s programme: (M.Sc.CIS PO 2020)

Areas, modules and ECTS credits

Final part of studies (30 ECTS)

- comprises Master thesis + Master colloquium
- Only professors or academic staff members of the University of Konstanz to whom the authority to conduct examinations has been delegated may be appointed to issue topics for Master's theses as well as to supervise and evaluate such theses and to act as examiners of final colloquia.
- At least one of the examiners must be an academic staff member of the Department of Computer and Information Science

See website MA CIS
- Extra information event at the beginning of the lecture period
Duration and orientation examination

Duration

- standard study period: 4 semesters
- longest duration of study: 7 semesters

- If the Master's examination is not completed by the end of the seventh semester, the right to take the examination expires, unless the student is not responsible for exceeding the deadline.
Master’s programme: (M.Sc.CIS PO 2020)

Duration and orientation examination

Orientation examination

- At least **24 ECTS credits must be completed in the area of basic and advanced modules by the end of the second semester**.

- Otherwise, the student loses the right to take examinations, unless the student is not responsible for exceeding the deadline.
The Master's programme offers students the possibility of specialising in a particular field such as:

- Algorithmics
- Data Science
- Interactive Systems
- Software Systems Engineering
- Visual Computing
- Exhibition Media Design (German)
- Individual focus

Shape your academic profile and become a specialist

Choose your area of specialisation from the broad field of applied and practical computer science
Specialisations

Requirements for a master’s specialisation

- Students need to complete at least three advanced modules (i.e., purely master's level) as well as the master’s seminar, the master’s project and the master’s thesis in one specific field to have the specialisation included in the degree certificate.

<table>
<thead>
<tr>

</tr>
</tbody>
</table>
Master’s programme: (M.Sc.CIS PO 2020)

Specialisations

Requirements

- Recommended modules for each predefined specialisation are listed on the website and being held updated.
- The fields of specialisation including the assigned modules are reflected in the ZEuS structure.
- Shaping your own master’s specialisation by choosing an individual focus is also possible
- The obligatory orientation talk with your study advisor and/or mentor in the beginning of the first semester serves as a starting point to discuss and define your courses for your specialisation

www.informatik.uni-konstanz.de/study/master-of-science/specializations/
### Example study plan including criteria for a specialisation

Required modules for a specialization mentioned on the degree certificate

https://www.informatik.uni-konstanz.de/study/master-of-science/modules/
Master’s programme: (M.Sc.CIS PO 2020)

Mentoring programme, orientation-/mentor talks

Mentoring programme

- Master students are being mentored by a university lecturer/professor during the Master's programme
- You may choose ideally your mentor according to your specialisation
- You can find a list of recommended mentors for each specialisation on the website
- A mentor helps to profile your studies, supervises the master’s project and thesis
- Changing a mentor is possible but can impact the profiling of your studies and should be thought through

www.informatik.uni-konstanz.de/study/master-of-science/mentoring-programme/
Master’s programme: (M.Sc.CIS PO 2020)

Mentoring programme, orientation-/mentor talks

Orientation talk

- In the beginning of the first semester students have a compulsory orientation talk with their study advisor and/or mentor
  
  - Master student **with a B.Sc. degree in Computer Science from UKN** can choose between study advisor or mentor
  
  - Master student **without a B.Sc. degree in Computer Science from UKN** consult first the study advisor, an additional talk with the mentor is recommended

- Completing the orientation talk is a prerequisite to validate the registration for your examinations in the first semester.

and mentor talk

Both forms can be found on the website for download:

www.informatik.uni-konstanz.de/en/service-and-support/links-and-downloads/
Master’s programme: (M.Sc.CIS PO 2020)

Dates for the Orientation talk with study advisor:

Wednesday 23.11.
Thursday 24.11.

More Information via email at the beginning of November.

and mentor talk

Both forms can be found on the website for download:

www.informatik.uni-konstanz.de/en/service-and-support/links-and-downloads/
Master’s programme: (M.Sc.CIS PO 2020)

Mentoring programme, orientation-/mentor talks
**Mentoring programme, orientation-/mentor talks**

**Mentor talk**

- When registering for the master's project all students have a second compulsory talk – the mentor talk.
- This talk serves advanced students to plan and discuss in detail the second part of their studies (master project, master thesis)
- The mentor talk is a prerequisite for the registration of the master thesis.
- The confirmation of a completed mentoring talk is included in the registration form for the master’s project.
Study formalities
Study formalities

Course registration

Registration in ZEuS required
Study formalities

Course registration

- Course registration through Zeus log-in
  - 1.10 - 15.11.2022
  - It is important that you register in ZEuS for the events you would like to attend before the start of lectures so that the lecturers have your e-mail address and can contact you!
  - If there is also an Ilias course for the event, please register in both ZEuS and Ilias!

- Non-specialist courses
  - Course/exam registration periods and rules can differ

Courses from other departments cannot be registered by our departmental Examination Office.
Study formalities

Help for course registration in ZEuS

- Have a look at our Homepage:
  https://www.informatik.uni-konstanz.de/en/service-and-support/examinations/exam-registration/

- Contact our student buddies -> mail to mastercis.inf@uni-konstanz.de

- Contact our student council:
  https://www.fachschaft.inf.uni-konstanz.de/discord
Study formalities

Recognition of study and exam achievements

Credit transfer from bachelor to master level

- Study and exam achievements that haven’t already been recognized for your Bachelor degree can get recognized on request only during the first semester.
- The Examination Board will decide on the approval of the recognitions.
- The recognition form and all required documents are to be sent to our Examination Office: mastercis.inf@uni-konstanz.de
Study formalities

Recognition of study and exam achievements

Credit transfer from bachelor to master level

- Information for departmental graduates: departmental graduates do not need to submit a form!

- Please contact mastercis.inf@uni-Konstanz.de (Examination Office) directly, if not already processed, to let your remaining credits be transferred to your master account.
Study formalities

Forms, study information, blank forms etc.

- All necessary forms (orientation talk form, medical certificate, registration form for the master’s thesis etc.), which you will need during your studies, can be downloaded from this website.

All forms can be found on the website for download:
www.informatik.uni-konstanz.de/en/service-and-support/links-and-downloads/
Study formalities

Academic leave of absence

- If you are not able to participate in the lectures of the running semester for more than 6 weeks because of important reasons, you may request an academic leave of absence.

- **Important reasons are:**
  - Study abroad
  - Internship that serves the completion of studies
  - Illness
  - Family issues
    - Care of a child under the age of five
    - Times of maternity/parental leave
  - Individual reasons
Study formalities

Going abroad and career orientation

- Many study exchange options on master’s level available
  - Erasmus programme (Europe)
  - Global exchange (overseas)
  - Erasmus placement; IAESTE etc.

- Benefit of a study exchange period:
  - Complement or extend your academic profile and master’s specialisation by adding courses from your study exchange (individual focus)

- Each winter semester: information event on “Going abroad information for Computer Science students”

Contact study exchange:
erasmus.inf@uni-konstanz.de
Study formalities

For more information about registering the master’s project:

Examination matters

Examination rules

Exams take place twice per semester
- First exam period is usually set in the last week of the lecture period and first two weeks of the lecture free period of the running semester
- Second exam period is usually set in the last three weeks before the start of a new semester’s lecture period

Retaking exams
- Exams can be re-taken only once!
- A two-times exam failure leads to a “failed module”
- Exams must be re-taken within one academic year. Otherwise the examination right for this module is lost.
Examination matters

Examination rules

Registration formalities

1. (De-)registration online after the exam registration period has expired is not possible!
2. (De-)registration only in exceptional cases via departmental online form
3. Exam registration is binding: non-attendance without valid reason (medical certificate etc.) means course failure
4. Un-registered exam performance is not valid
5. After having failed an exam on the first attempt there is no automatic re-registration for the second exam date
6. TAN list is required to register online for exams in ZEuS
How to contact us
Departmental study advisory service

Email: mastercis.inf@uni-konstanz.de
(Katrin Winkler & Departmental Examination Office: Eva Dutt)
Please use:
  – name, surname
  – student ID nr.
  – Reply always to the e-mail history, do not start a new e-mail for the same topic
  – always use your UKN E-Mail address for any official correspondence

Consulting hours via ILIAS:
Wednesdays 13-14:30 am (PZ 804) and Thursdays 12.00-13.30 am (only digitally):

Some good last advice:

- Stay informed:
  - Read the newsletter of the University
  - Read your study and examination regulations
  - Read the departmental information and reminder E-Mails on different study-related topics
  - Read carefully official letters you receive from the University e.g. thesis registration confirmation etc.
  - Visit our website
- Make use of our consulting hours and Ilias forum
- Mind registration and submission deadlines, they are binding!
- Of course: Enjoy your studies no matter what!

Services at the University and Information on Corona
Services at the University

Information about the coronavirus

With the present number of infections, we recommend that all university members and affiliated members as well as all visitors wear a medical mask or an FFP2 face mask. FFP2 masks provide a particularly high level of protection.

We also recommend that all members of the university continue to regularly ventilate their rooms and to follow the advice of the Federal Centre for Health Education on protecting against infection through hygiene measures.

Current regulations
During conditional on-site operations, the regulations listed on the current information website apply.

Services at the University

Central advice and services along the student’s life cycle

Advice and services

On this page you will find an overview of all advice and services that can be used as a student or as prospective students. Whether you are considering a change of subject or simply select your timetable – here you will find answers to your questions.
