Registration for the Master's Project
(according to the current examination regulations)

The master's project is worth 9 ECTS credits, which amounts to 270 working hours (approximately 7 weeks full time). The master's project needs to be registered during the registration period specified by the department and needs to be submitted by the corresponding deadline. With the registration a timetable/milestone plan must also be submitted.

This form needs to be handed in to the departmental examination office in PZ 811. You can also send it to mastercis.inf@uni-konstanz.de.

Here you can find information about the final part of studies:
https://www.informatik.uni-konstanz.de/beratung-und-service/pruefungsangelegenheiten/projekt-abschlussarbeit-und-kolloquium/msc-computer-and-information-science/
