COMPANY DESCRIPTION

SAP started in 1972 as a team of five colleagues with a desire to do something new. Together, they changed enterprise software and reinvented how business was done. Today, as a market leader in enterprise application software, we remain true to our roots. That’s why we engineer solutions to fuel innovation, foster equality and spread opportunity for our employees and customers across borders and cultures.

SAP values the entrepreneurial spirit, fostering creativity and building lasting relationships with our employees. We know that a diverse and inclusive workforce keeps us competitive and provides opportunities for all. We believe that together we can transform industries, grow economics, lift up societies and sustain our environment. Because it’s the best-run businesses that make the world run better and improve people’s lives.

ABOUT SAP

As market leader in enterprise application software, SAP helps companies of all sizes and industries run better. From back office to boardroom, warehouse to storefront, desktop to mobile device – SAP empowers people and organizations to work together more efficiently and use business insight more effectively to stay ahead of the competition.

PURPOSE AND OBJECTIVES

Line of Business Finance is responsible to fulfill SAP’s simplification story by SAP S/4HANA Finance in the cloud and on premise. This next-generation set of solutions is based on a simplified and renewed Financials technology stack that leverages the full potential of the SAP HANA platform. Finance consists of a global development organization with teams in Walldorf, Potsdam, Shanghai and Palo Alto that work in close collaboration with customers and partners to support superior finance processes and new business models.

As (Associate) Developer in our team, you will be working with a group of highly motivated colleagues. Leveraging the foundation of the new HANA based Finance architecture, you will work on frontrunner applications with unprecedented insights and simulation capabilities in Finance.

Within our teams, we practice an agile and customer-oriented development approach. High customer orientation and focus on providing value to our clients is the main guiding principle for all development
activities.

EXPECTATIONS AND TASKS

You will work in an innovative environment and will be part of a highly motivated team in the area of Inventory Accounting. Your responsibility will be covering all stages and tasks within the entire development cycle.

You work as a developer (associate) in an agile development team
You will take over responsibility for design, test, implementation and maintenance
You apply agile software development principles
You have the chance to continuously enhance your knowledge and keep up with latest technology trends

To deliver first class results, you handle your tasks with enthusiasm and personal commitment. You have the ambition of building future-proof products and using state of the art technologies.

WORK EXPERIENCE

At least one year, preferably in professional software development
However, we are looking for candidates who have graduated and seek a career in software development as well

WHAT YOU GET FROM US

Success is what you make it. At SAP, we help you make it your own.

A career at SAP can open many doors for you. If you’re searching for a company that’s dedicated to your ideas and individual growth, recognizes you for your unique contributions, fills you with a strong sense of purpose, and provides a fun, flexible and inclusive work environment – apply now.

SAP’S DIVERSITY COMMITMENT

To harness the power of innovation, SAP invests in the development of its diverse employees. We aspire to leverage the qualities and appreciate the unique competencies that each person brings to the company.

SAP is committed to the principles of Equal Employment Opportunity and to providing reasonable accommodations to applicants with physical and/or mental disabilities. If you are in need of accommodation or special assistance to navigate our website or to complete your application, please send an e-mail with your request to Recruiting Operations Team (Americas: Careers@sap.com).

Successful candidates might be required to undergo a background verification with an external vendor.
